

Interferometer Sensing and Control

2010/12/13, Y. Aso

- 12/7 Type A Review
- 12/10 Discussion with Rana
- Several candidates for the LSC Schemes are there.
- No need to decide on one scheme right now

Many Action Items:

- ASC Modeling (recruited Michimura-kun)
- Shift the focus to practical details needed for the infrastructure design
 - Arm g-factor
 - Optical layout including large beam handling
 - Coating requirements for green
- More man power (especially for detailed optical configuration design)
