

# Playground for new paper

Dear KAGRA collaborator,

I am Takaaki Yokozawa.

We want to request the application of playground data to post the paper about the seismic motion analysis in KAGRA experimental area.

The current version of this paper is placed in JGWDoc

[Reasons]

- This paper is not for observation paper, this is a characterization paper for KAGRA experimental area
- The data analysis is performed by Virgo members and some Japanese members
